Dear Mr. Secretary,

Speaking for ourselves as deaf people, Closed Caption has enriched our lives by allowing us to have access to information visually. When Closed Caption is not provided, we are excluded from that information by reason of our disability.

We commend congress in their support of the Telecommunication Act ( FCC 95 - 484 ). Closed Captioning and Video description of Video programming has a benefit to everyone. We are asking that you consider excluded from a program in which you have interest. We do not feel that someone should determine what "CLASS" of programing we should be allowed to have access to.

Thank you for considering our request, and we are looking forward to having access to all the information everyone else has.

Sincerely,

Your Name ----

Dear Mr. Secretary:

Speaking for ourselves as persons who are deaf. Closed Captioned has enriched our lives by allowing us to visually access information. When captioned is not provided, we are excluded (by reason of our disability) from that information.

We commend congress in their support of the Telecommunication Act (FCC 95-484.) Closed Captioning and Video description of Video Programming is a benefit to everyone. We are asking that you consider having all programming captioned. It is frustrating when we are excluded from a program in which we have an interest. We do not feel someone else should determine what "CLASS" of program we should be allowed to have access.

Thank you for considering our request and looking forward to having access to all the information that everyone else has.

Sincerely,

*Margaret Solomon*
